PROFESSIONAL SUMMARY

Former U.S. Navy Aviation Electronics Technician with six years of experience testing and troubleshooting complex electronic systems, supporting secure equipment, and solving problems under pressure. Experienced in leadership, technical procedures, system security, and mission-focused teamwork. Currently pursuing a Bachelor of Science in Computer Science with a focus on cybersecurity and system administration.

PROFESSIONAL EXPERIENCE

U.S. Navy — Aviation Electronics Technician

April 2018–April 2024

• Tested, maintained, and troubleshot aircraft electronics systems while following technical manuals, safety procedures, and quality-control requirements.

• Performed cryptographic duties and maintained secure systems supporting assigned aircraft.

• Served as day-shift and night-shift supervisor, overseeing personnel, workflow, and maintenance operations.

• Selected for a specialized troubleshooting shop supporting aircraft maintenance during flight operations.

• Conducted weapons-system testing, troubleshooting, and corrective maintenance in a specialized avionics shop.

Deerfield Correctional Facility — Corrections Officer

March 2015–February 2018

• Maintained safety, security, and order within a correctional facility while following established procedures.

• Communicated effectively and made sound decisions in demanding and high-pressure situations.

• Selected for the Virginia Department of Corrections Strike Force, supporting riots, critical incidents, searches, and high-profile transports.

EDUCATION

California State University, Northridge

Bachelor of Science in Computer Science

Expected May 2027

Southside Virginia Community College

Associate of Science in Criminal Justice

December 2018

SKILLS

Troubleshooting • Electronics Testing • System Security

Cryptographic Equipment • Leadership • Problem-Solving

Computer Programming

CERTIFICATION

CompTIA Security+ — In Progress
